CAREER OBJECTIVE

I want to be part of an organization where I can utilize my knowledge and skills to contribute to the company's progress and grow professionally.

EDUCATION

GLS UNIVERSITY

2023 to 2025	MCA	Sem 4 - 87.5% CGPA – 9.00
2020 to 2023	BCA	Gold medalist 1 st Rank 93.10% CGPA – 9.31

UPASANA VIDHYAVIHAAR

2020	Class XII GSEB Board	72.93 %
2018	Class X GSEB Board	70.50 %

TECHNICAL SKILLS

- Android App Developer (Java)
- Cross Platform Development (flutter)
- C,C++,C#,.Net Developer
- Mern Stack
- Web Scrapping (selenium)
- Quickbooks & Xero Api Integration
- Android sensor Programming
- PHP
- HTML,CSS
- Django
- Api Integration in android
- Machine Learning
- Java,Python
- Databases like MYSQL, SQLite , Firebase
- Embedded System Development

PROJECTS

WEB SCRAPPING

[June 2024]

- I Successfully scraped Swiggy's website to gather data of restaurant ratings, names, food prices and other relevant columns with the use of Selenium to handle dynamic content. Showcased my expertise in web scraping, data extraction, and data preprocessing, demonstrating my ability to overcome anti-scraping measures and extract valuable data from modern web applications.

Custom Gesture Android Application Language: Android Sensor Programming (Java)

[April 2024]

- I recently developed an android application which fetch Accelerometer sensor's data and based on shaking of the phone it will automatically open predefined applications and functions. For example: one shake for WhatsApp, twice shake for camera many more.

API INTEGRATION (ANDROID) Weather Api / News Api

[May 2024]

- I worked on integrating APIs into an Android app to fetch and display weather and news-related data. This project helped me learn new things and understand how APIs are working.

GIFT OF HEALTH (E-HEALTH CARE) Frontend : Android Java , Backend : SQLite

[March 2023]

- I Developed an Android Application which can easily book appointments online with just a few taps. User can also check that Whether the doctor has accepted their Appointment. In case of an Emergency , the app can help find the nearest hospitals and clinics using GPS. This project helped me to enhance my skills in Android development improve my understanding of user experience design, and gain experience with GPS integration and database management.

PHP WEBSITE

[Jan 2023]

- I have created a PHP website dedicated to my hobby singing, providing a platform for users to send song requests, browse song listings, and engage with fellow singing enthusiasts.
- The website is designed and developed as a dynamic PHP site, featuring CRUD (Create, Read, Update, Delete) functionality, allowing users to easily manage song Requests. This project helped me to learn perform CRUD operations effectively.

Hand Gesture Recognition System

[July 2021]

- Me and my team Worked on Hand Gesture Recognition system in which can easily recognize Hand Gestures of the user and react accordingly. we Implemented this Example on a Video Player when user show both the hand in front of sensor it senses accordingly and pause the video , if user use right/left hand side gesture video will be 10 sec forward/backward accordingly and many more.

INTERNSHIP

.Net Developer (6 Months Intership) - Satva Solutions
Machine Learning Developer | Cognorise Infotech (Remote)
App Developer | Prodigy Infotech (Remote)

PROFESSIONAL SKILLS

- Project Management
- Team Collaboration
- Project Leading
- Research and Analytical Skills

HOBBIES

- Learn New Things and Technologies
- Travelling
- Singing
- Writing

CERTIFICATES AND ACHIVEMENTS

- Gold Medal – BCA 1st Ranker 92% CGPA-9.2
- MCA 89% CGPA – 8.9
- Letter of Recommendation– Prodigy Infotech
- Participate in Odo Hackathon June 2024
- Cyber security and ethical hacking awarness workshop certificate - Entrepreneurship Development Institute of India
- Inter-Collegiate Swami Vivekananada Elocution Competition 2024 – GLS University
- Code Express for HTML and CSS – GLS University
- Code Express for Google Go Lang. – GLS University
- Database for Developers – Oracle
- CSS for Beginners – Udemy
- Basics of Python – Udemy
- Database Management System - Udemy
